

HENRY CLAY BEATTIE
DIES AT SANATORIUM

Well-Known Southside Man Passes
Away After Brief
Illness.

WAS PROMINENT IN BUSINESS

Had Been for Many Years an Officer
of Porter Street Presbyterian
Church, Member of Elks and of
Other Orders.

Henry Clay Beattie, a leader in South Richmond's business life, died yesterday morning at 8 o'clock at the Johnston-Willis Sanatorium following a brief illness. The funeral will be held to-morrow morning at 11 o'clock from the home. Interment will be in Maury Cemetery.

The death of Mr. Beattie came unexpectedly to his large circle of friends. He was a man of vigorous physique and until several days ago was in comparatively good health, although he had been suffering from throat trouble. His illness had not been considered dangerous until Sunday night when he had a relapse from which he never rallied.

Mr. Beattie for many years lived at 1529 Porter Street. He was born on November 13, 1854, and while not a native of this State, had lived on the South Side since 1872. He was engaged in the general mercantile business there from 1872 until four years ago when he retired. During the entire period of his residence in Manchester and South Richmond, Mr. Beattie took an active interest in all business affairs and was connected with a number of land development companies and was a director from the organization of the Mechanics and Merchants Bank until his death.

ACTIVE IN CHURCH

While actively engaged in business, Mr. Beattie always found time to take part in all civic activities of the community. He was keenly interested in politics and served several terms as postmaster of Manchester, succeeding his father, Robert Beattie, with whom he was first connected in business. He was also active in church and fraternal affairs. For many years he was an elder in Porter Street Presbyterian Church, and was one of the oldest Elks in the State.

Mr. Beattie is survived by one son, Douglas, and one daughter, Miss Hazel Beattie, both of South Richmond. He is survived by a sister, Mrs. R. S. Traphagen, of South Richmond, and a brother, R. B. W. Beattie, of Marine, Mich.

The funeral will be held at 11 o'clock to-morrow morning, Rev. Wesley Baker, former pastor of Porter Street Presbyterian Church, will officiate at the funeral services. The pallbearers will be Henry Patterson, T. J. Smith, A. L. Adamson, W. P. Knowles, R. H. Richmond, Augustus Royall, J. W. Robertson, William Crawford, John Sanderfer, Leroy Hutzler, H. V. Baldwin, Charles L. Page, Dr. J. Allison Hodges, J. F. Bradley and James W. Newton.

ONLY ONE DIVISION
NOT YET RENUMBERED

First, Which Embraces All of Clay
Ward, Not Yet in Others Have
Completed List.

But one division, the First, which embraces all of Clay Ward, remains to complete its renumbering of all men who registered on June 5 for war service. The Fifth Division completed its work yesterday, and the list of names, with their new serial numbers, was placed on file in the office of the Mayor at the City Hall. It is expected that the First Division will finish its work to-day or to-morrow.

Some men have experienced difficulty in finding their names in the lists as far completed. This is due, it is said, to the fact that many believe that the names for each ward have been compiled. This is not the case, the ward plan having been abandoned by order of the War Department. The division was made by districts. The division was made by Mayor Ainslie, who, to make the required number of districts, found it necessary to remove several precincts from each ward into a unit embracing the Fifth District. This was accomplished, however, without interfering with any precinct lines, and it was so arranged that the First Division embraces all of the precincts in Clay Ward.

The division under which the draft will be made is composed of the following districts:

First—First, Second, Third, Fourth, Fifth, Sixth and Seventh Precincts of Clay Ward.

Second—First, Second, Third, Fourth and Sixth Precincts of Lee Ward.

Third—Third, Fourth, Fifth, Sixth, Seventh, Eighth and Ninth Precincts of Madison Ward.

Fourth—First, Second, Fourth, Fifth, Sixth and Seventh Precincts of Jefferson Ward.

Fifth—First and Second Precincts of Madison Ward, Third Precinct of Jefferson Ward, and the Seventh and Eighth Precincts of Lee Ward.

The exemption boards in charge of each division are made up as follows:

First—James E. Phillips, Jr., Clyde W. Saunders and Dr. A. L. Wolford.

Second—H. Watkins Elson, Arthur M. Cannon and Dr. A. G. Brown.

Third—Harvey E. Atkinson, Julian A. Baker and Dr. E. T. Rucker.

Fourth—P. E. Maxey, Dr. J. H. Hinchman and George W. Rogers.

Fifth—Charles W. Sims, William A. Clarke, Jr., and Dr. Cullen Pitt.

FOUND DEAD AT HIS
PLACE OF BUSINESS

George W. McGowan Expires Suddenly—
Coroner Says Death Was
From Natural Causes.

George W. McGowan, age fifty-two years, was found dead in his place of business, 1445 East Main Street, shortly after 7 o'clock last night. The Virginia Hospital ambulance was summoned, but an examination by the physician in charge showed that death had resulted a short while previously. Coroner Whitfield was called and, after viewing the remains rendered a verdict of death from natural causes, deeming an inquest unnecessary.

Mr. McGowan was well known in Richmond where he has been in the furniture business for many years. He lived on Moody Avenue, Woodland Heights.

VIRGINIA ALMOST READY

Only Two Districts Now Incomplete on
Numbering for Selective
Draft.

Details for the selective draft have about been completed and Governor Henry C. Stuart will report Virginia ready to-day. Late yesterday afternoon only two districts were incomplete, but both were expected to report to Adjutant-General W. W. Sale this morning.

The completion of the renumbering of the 182,000 registration cards for Virginians will be welcomed by the Adjutant-General, as the draft detail work has almost swamped the office. Twenty men and women have worked night and day for the last two weeks in connection with the draft. All of the cards have now been filed and a cross index is being made.

Petersburg and Dinwiddie County and one district in Richmond have been holding back Virginia's report of readiness. As soon as these reports are received and checked up, Governor Stuart can report to the Provost Marshal-General.

WALKS IN HER SLEEP

Ten-Year-Old Alice Holland Receives
Painful Injuries From
Fall.

Alice Holland, the ten-year-old daughter of Mr. and Mrs. W. R. Holland, of Goochland County, was painfully injured early yesterday morning when walking in her sleep she fell from a second story window. The accident occurred at the home of her mother, Mrs. H. S. Holland, of 2116 Floyd Avenue. Other inmates of the house hearing the child's cries, hurried outside, and seeing her condition, summoned medical assistance.

A fracture of the left arm, and dislocation of the left shoulder, were thought by Dr. W. T. Oppenheimer, the attending physician to constitute the extent of the girl's injuries.

GOVERNMENT IS SEEKING
HELP OF SKILLED MEN

Council of Defense Outlines Ways by
Which Men Not Subject to Draft
May Help.

ORGANIZE PUBLIC RESERVE

As War Plans Proceed More and
More Skilled Work Is Needed in
Other Than Strictly Military Lines.
Many Offer Their Services.

Plans are being considered by the Virginia Council of Defense, in cooperation with the United States Department of Labor, to utilize the services of a great number of men, who, while desiring to serve the United States in the war with Germany, are prevented from participating in actual military duty because of physical defects, dependent relatives at home, or for other reasons which cause the government to believe that they can be of more service to the country at home than abroad.

The council yesterday issued the following statement:

"The Department of Labor announces that it has inaugurated a plan for mobilizing adult male volunteers for service in employments of every kind, public and private, which are necessary to the effective conduct of the war. Those who are willing to engage in such service, whether in a voluntary or wage-earning capacity, are asked to enroll as members of the United States Public Reserve. Detailed information as to the qualifications of each member will be secured, studied and recorded. Arrangements have been made to get prompt information of opportunities for service. Available members will be put in touch with governmental departments and employers who need men for work of value to the nation.

CERTIFICATE AND BADGE
TO BE GIVEN EACH MEMBER

"A certificate of enrollment and an appropriate badge or button will be given each member. The application form of the reserve states that they apply for membership in the United States Public Service Reserve, United States Department of Labor, and request registration in its records of the accompanying description of my training, experience, aptitudes, and capacity for service. I further request the United States Public Service Reserve, whenever it learns of a need, in public or private employment, for service in the national interest, to place me in my qualifications, to notify me, with full particulars, including duties and compensation, and to assist me in the execution of the reserve. I make this application because I desire a practical opportunity in this war emergency to contribute personal service by doing work that will aid the general welfare."

The success of the Department of Labor in creating the boys' working reserve had led it to organize the United States Public Service Reserve, in order that men citizens who are eager to give their services to the nation may be brought in touch with the ever-growing demand for men. Within the past few weeks thousands of applications for advice and direction have been received from men who desire to serve the country to the best of their ability, regardless of sacrifice.

The need for such service is growing rapidly. As the military and other branches of the war, more and more labor of all kinds, from the unskilled to the most highly trained, must be made available. In order to meet this need, the government is endeavoring to utilize the services of men who are not now profitably utilized but who are capable of doing so.

In addition to those whose applications are already on file there are countless men who might be of value in essential occupations who are either not now employed or who are engaged in pursuits which are not essential temporarily, and others whose services during vacation might be used.

USE SERVICES OF MANY
TOO OLD FOR DRAFT

The purpose of this organization is not only to reach those persons who are exempted from the draft, but all men who are not called into actual service, and especially those who are either too old or too young to be eligible for the draft. The number of Virginians who have been sent to the front for some kind of service has been enormous. Some offer their personal services, some the use of their farm lands and stock, and others, who have been flooded with applications.

The following are some of the various kinds of service for which Virginians applicants have expressed qualifications: Agriculture, architect, clerical, attorney, chemist, photographer, clerk (male and female), salesman, grocer, merchant, printer, engineer (constructive, electrical, mechanical, mining), linguist, lumberman, machinist, manufacturer (steel, nitric acid, eye glasses, harness), packer, military, surgeon, railroad (transportation, traffic, clerical), soldier, teacher, and other miscellaneous work.

The Council of Defense is at work now trying to make arrangements by which these men may be put to work in Virginia, and it is believed that in a short while every patriotic person who wishes to do his part in the war, whether by personal activity or by lending the use of his property, will have an opportunity to do so.

THOMAS CONVICTED

Jailed for Defrauding Automobile Company By Means of Worthless Check.

Elisha Thomas, alias E. T. Marshall, was convicted yesterday in the Hustings Court of defrauding the May Bros. Auto Supply Co. by means of worthless checks and he was sentenced to serve sixty days in jail. Thomas, a driver, is alleged to have obtained tires in exchange for checks which were returned by the bank on which they were drawn. Harvey Anderson, colored, was fined \$100 and costs for failing to support his wife.

Aldonia Cox, colored, was acquitted of a charge of malicious wounding. Garfield Anderson, implicated with Cox, is a fugitive from justice.

Edna Foster, a colored domestic, was put under \$300 bond for three months on the charge of robbing her employer, Mrs. F. M. Hart.

Error in Bank Table Corrected.

In publishing the statements of Richmond banks on call June 20, which appeared in The Times-Dispatch on July 8, error was made in figures relating to the American National Bank. Under the title, "Surplus, Profit and Reserved," \$162,935.08 was sent down for this institution, when the amount should have been \$762,935.08.

Fireman's Fund
Totals \$51,232

Aid Association Votes to Extend
Its Pension Benefits
to Widows.

Assets of the Firemen's Mutual Aid Association now total \$51,232.76, according to the report of the treasurer which was submitted last night at the annual meeting held at the City Hall. The financial condition of the organization was regarded as so satisfactory that it was unanimously ordered that the association's charter be amended so as to extend its pension benefits to a limited time to the widow or other dependent kinsman of a deceased member.

R. Paschal was unanimously elected a new member of the board of directors in place of Captain Carlton McCarthy, who recently resigned. The other members of the board were re-elected as follows: James B. Sheppard, president; Charles W. Hardwick, vice-president; Colonel Thomas B. McAdams, treasurer; L. S. Jones, secretary; John H. Frischkorn, W. H. Jones, Ainslie Taylor, H. Figg, W. J. Kerr and A. T. Samuels.

This fireman's association was founded five years ago for the purpose of providing pension for aged, infirm or disabled firemen, and its success now is assured and the firemen are most enthusiastic for its continued growth. The association has more than 300 life members who have contributed \$25 each, and hundreds of contributing members who pay into its treasury \$5 annually, and in addition to this the fund is quite often increased by liberal donations from citizens.

Each of the 216 members of the Fire and Fire Alarm Departments are members of the association, but only so long as they are members of the department, and as this is the only fund from which firemen derive any benefits, their every effort is for its upbuilding.

PRESTON BELVIN, JR., IS
PLACED UNDER ARREST

Charged With Failure to Provide for
His Wife and Two
Children.

Preston Belvin, Jr., son of Preston Belvin, secretary-treasurer of the Virginia School Supply Company, Inc., was arrested by Policeman Sowell in the city of Henric yesterday on a charge of failure to provide for his wife and two children. He was allowed bail, which Justice Ricks set at \$500, with his father as security.

The warrant was issued more than a year ago, following the filing of divorce proceedings by young Belvin's wife in the Law and Equity Court. Belvin left the city while the case was pending and said only to have returned here yesterday when the case was called. He was arrested as he left the Law and Equity Court room and taken immediately before Justice Ricks.

Mrs. Belvin alleges that her husband has failed to provide support for herself and two young children and on the grounds of desertion. Mrs. Belvin formerly was Miss Hilda Walman and is a step-daughter of Henry Franklin, former partner of William B. Pizini. For whom the police are now searching on a charge of absconding.

Belvin will be given a hearing before Justice Ricks on July 24.

NEGRO ASKS FOR KEY

Gets It From Nurse and Then Makes
Way With Stolen
Car.

Due to an entirely new scheme carried out by an unidentified negro Sunday night, J. Gordon Smith of the Berkeley Apartments is looking for his automobile. The negro, too, might come in handy.

According to the report of the matter made by Mr. Smith to the Police Department, the negro called at his apartment early Sunday night and asked the nurse for the key to the car. The key was turned over without question, and the "disappearance act" was then staged.

RECRUITING OF OFFICERS
SEE BUSIER TIMES AHEAD

Six Men Received by Lieutenant
Taylor for Army Signal
Corps.

HEIGHT STANDARD LOWERED

Blues' Recruiting Officer Says Men
Heretofore Rejected as Not Tall
Enough May Now Apply Again.
Navy Gets Several Men Here.

Six recruits were received here yesterday by Lieutenant George W. Taylor, who is recruiting a battalion of signal corps for the army. This is the greatest number of enlistments recorded in one day for this branch since Lieutenant Taylor established headquarters here, but from the numerous inquiries that are being received, this record is expected to be surpassed and even a better average maintained in the next few days.

Lieutenant Taylor is especially anxious to hear from radio operators, and men who have some knowledge of telegraphy. As Lieutenant Taylor stated yesterday, there is a certain advantage in enlisting in the signal corps as men with technical knowledge are enabled to enlist as noncommissioned officers prior to entering training camp, and afterwards, if they apply themselves, become eligible for promotion.

Lieutenant James B. Anderson, recruiting officer of the Richmond Blues, was yesterday notified that the physical standard for admission into the ranks of the cavalrymen had been lowered, and the same regulations that govern the regular army are now in force. Hereafter the minimum height for applicants will be five feet one inch and the minimum weight 110 pounds. Many applicants for enlistment in the Blues have been rejected for lack of height or weight, and Lieutenant Anderson states that with the requirements lowered, he will be glad to have those men heretofore rejected, again apply for enlistment.

ALL RECRUITING OFFICERS
REPORT INCREASED INTEREST

The recruits here yesterday were as follows:

Army—Ceil H. Halstead, Huntington, W. Va.; Paul S. Morton, Louisville, Ky.

Signal corps—Harry Levin, 801 East Marshall Street; Thomas S. Trevett, Glen Allen, Va.; Herbert L. Sparrow, 900 East Clay Street; Arthur G. Simpson, Frederick Hall, Va.; Leon E. Ewers, 214 East Main Street; Luther W. Kidd, 606 North Twenty-fourth Street.

Navy—William E. Baldwin, Goochland; Benny C. Spain, 708 North Twenty-first Street; Harry B. Slater, Goochland; Raymond St. C. Boshier, 922 Twentieth Street; Dewey H. Herring, 316 North Thirtieth Street; Henry C. Bayliss, 2921 East Marshall Street; Charles J. Cox, 2919 East Marshall Street.

Marine corps—Ernest H. Rigbee, Durham, N. C.; Russell B. Amich, Charleston, W. Va.; Samuel J. Michaels, 2316 East Main Street, who joined the marine corps here a year ago, and has since been stationed in Port Royal, was returned to Richmond yesterday and detailed to duty at the local recruiting station.

SUGAR IMPORTED DIRECTLY

Richmond Brings In Molasses From
Barbados—Customs Collections
Show Increase.

For the first time in many years sugar has been imported directly into Richmond. Molasses is another commodity which has started coming through the port recently. The sugar is being imported from Cuba and the molasses from the Barbados. Customs collections for the port of Richmond are holding up well in spite of the fact that the city has been formerly in the \$1,000,000 class, but there was a large dropping off in 1914. The collections for 1915 were lower than for 1914. Collections of the fiscal year ending on June 30 showed an improvement, amounting to approximately \$26,000. The new fiscal year has started off well, the collections for yesterday alone amounting to \$12,000.

Tobacco is still the principal import here, the Turkish variety being shipped here in large quantities. Although no money passes through the local office on account of exported tobacco, Richmond has a factory which is now the largest shipper of cigarettes in this country. A customs officer is located at the plant, continuing to check up on the goods, which are shipped from here in bond.

He was recently freed in Police Court, after making good forgeries amounting to \$1,350.
